McPherson Suturing Forcep 10cm Angled 5mm Smooth Jaws with Tying Platform

The McPherson Suturing Forceps 10cm Angled 5mm Smooth Jaws with Tying Platform are delicately designed for grasping and guiding suturing needles during ophthalmic procedures. The smooth, angled jaws of these forceps help surgeons drive the needles in confined areas to stitch the incisions.

SKU: G18-640

GerMedUSA warrants that all surgical instruments bearing the GerMedUSA mark, whether stamped, engraved, or laser-etched, are manufactured to the highest standards of quality and craftsmanship.

Under this warranty, GerMedUSA will repair or replace any product that is found to be defective in materials or artistry, at the company's discretion. If repair is not feasible, a replacement will be provided at no additional cost, provided the issue falls within the applicable warranty period and usage guidelines.

Instruments with Limited Warranties:

- Tungsten carbide Scissors > 5 years
- Tungsten Carbide Needle holders > 1 year
- Diamond Dust instruments > 1 year
- Titanium instruments > 3 years
- Silver or Chrome-plated instruments > 1 year
- Super-cut scissors > 1 year

Repair Warranty

We believe in worry-free ownership. If any of our instruments malfunctions or fails during the valid warranty period, we will repair or replace it. No extra charges will apply if the claim is made within **30 days of issue detection**.

EXCLUSIONS & LIMITATIONS

This limited warranty is the sole warranty provided by GerMedUSA. No other express or implied warranties, verbal, written, or statutory, are offered. GerMedUSA expressly disclaims any implied warranties of merchantability or fitness for a particular purpose.

GerMedUSA shall not be liable for any indirect, incidental, or consequential damages, even if the possibility of such damages was known or foreseeable.

SHIPPING INFORMATION

GerMedUSA proudly offers nationwide and international shipping via UPS and USPS.
